Contents

| Volume 3(1) | 2017 |
|---|-------|
| 01. Analytical Study of MHD Thermoconvective Waves through its Propagation <i>Madan Lal</i> | 1-6 |
| 02. A Study of Associative Memories with Hopfield neural network Model for handwritten character recognition <i>Sandeep Kumar and Manu Pratap Singh</i> | 7-12 |
| 03. QCF, A useful toolfor Quantum Neural Network implementation in Matlab <i>Kishori Radhey and Manu Pratap Singh</i> | 13-16 |
| 04. Reliability Estimation of Bridge System Using C-H-A Algorithm <i>Suneet Saxena</i> | 17-20 |
| 05. Nonlinear Retarded differential Equations with Nonlocal History Conditions <i>Shalabh Saxena</i> | 21-26 |
| 06. Exact Relativistic Modeling of Einstein's Field Equations for Isotropic Radiating Stars <i>Kali Charan</i> | 27-34 |
| 07. A Fuzzy Assignment Approach: Categorically for Selection Technique <i>Anju Khandelwal</i> | 35-41 |
